EDUCATION

Bachelor of Engineering

Alva's Institute of Engineering and Technology

12/2021 - Present

Moodbidri, India

Courses

- Artificial Intelligence and Machine Learning

Class-12th

Mahesh PU College

05/2018 - 07/2020

5.3 GPA Chitradurga, India

Class-10th

Sri Parshwanatha Education Society

05/2017 - 04/2018

8.4 GPA Chitradurga, India

PERSONAL PROJECTS

Face Recognition Bot using IOT (03/2023 - Present)

- This technique can distinguish between various facial expressions, Personal identification and facial detection are some characteristics that the system may include

Criminal Record Management System

(12/2022 - 02/2023)

- Criminal record management system used to record crime activities of criminals. This is an online web application with a database system in which police will keep a record of criminals who have been arrested. We have used HTML, CSS, PHP & MySQL to develop this project. The project's interface is very user-friendly and helpful for authority.

WORK EXPERIENCE

Associate Intern

Emertxe

03/2022 - Present

India's No.1 Ed-Tech for Job Oriented Embedded Systems & Internet of Things (IoT) Courses | 1327+ Placement Drives

Achieved a silver level in development of bot

- Developing a face recognition bot using IOT and Open CV

Intern

YBI Foundation

02/2022 - 08/2023

YBI Foundation is a Delhi-based EDUTECH company that aims to enable the youth to grow in the world of emerging technologies.

Achieved 6.8GPA

- Machine Learning with Python

SKILLS

PYTHON

MYSQL
